RESOLUTE®

UNLIMITED MOISTURE VAPOR BARRIER,
HARD-SET, ELASTOMERIC ADHESIVE

PRODUCT HIGHLIGHT

Chasing moisture can cost valuable time and money, but with **Resolute**, you can stop it in its tracks. Designed with safe, single-part, moisture-cured chemistry, Resolute is a faster, more installer friendly alternative to two-part epoxy systems. Resolute is engineered for heavy rolling loads and challenging environments, and its waterproof design forms an unlimited moisture vapor barrier that can also take the punishment introduced by topical liquids.

WHY USE

EXTREMELY
▶ LOW
ODOR

- Unlimited moisture protection (see TDS)
- Cost savings potential
- No moisture or pH testing required
- No sub-slab moisture barrier required (see TDS)
- Topical liquid resistance (water, spills, etc.)
- Permanent, waterproof bond
- 1-step installation (no stirring/mixing)
- Self-healing, elastomeric membrane
- Excellent plasticizer migration resistance
- Faster construction timeline
- 6-hour cure (heat weld, wet mop, strip/finish)
- Rapid occupancy times
- Extreme heavy rolling loads
- Installs multiple flooring types
- Sound control (IIC, STC)
- Low VOC, extremely low odor
- Antimicrobial technology

NOW FEATURING NO TESTING

COST SAVINGS POTENTIAL

Skip Testing: Can save \$0.15/ft² by not having to moisture or pH test

Start Installing: Save days or weeks by avoiding costly construction delays

Save \$4-5/ft² by not having to bead blast, skim coat, or use a 2-part epoxy system

Savings are based on an estimated national average and may vary based on location and job site.
